I propose that we plan to meet on Tuesday, March 17 at 11:00 am Eastern time in Elkhart. Jim Woodsmall has offered to provide a large conference room at his offices, which are located at 121 W. Franklin St., Suite 400, in Elkhart. EPA and IDEM would like to present a brief overview of the site and the interim remedy, and the Agencies and DOJ would also be happy to address questions and discuss the path forward. The meeting would also provide an opportunity for the PRPs to convene and coordinate. Please confirm that you will be able to attend.
